

6 PIECES OF ADVICE BEFORE TRANSPORTING LIVE PIGS

1

ORDERING TRANSPORT

Remember to make sure that both haulier and exporter are registered with DANISH Transportstandard. Please refer to danish.lf.dk. In case that both haulier and exporter are registered with DANISH Transportstand proceed with number 2. If there is no registration for either haulier and/or exporter you are liable to ensure the following

- verify and retain any transport documents
- verify and retain any cleaning certificates
- verify compliance with quarantine
- verify that the haulier is QS-approved
- if collection centres used, verify that they are registered with DANISH Transportstandard. Please refer to danish.lf.dk

Remember ...

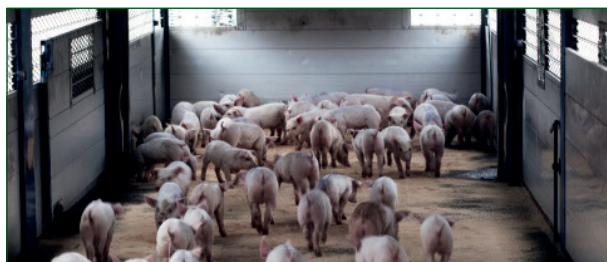

... THERE MUST BE WI-FI ACCESS AT THE LOADING RAMP!

VERIFICATION OF TRANSPORT QUALIFICATION

It is your responsibility that the animals are qualified for transport prior to loading.

2

LOADING

Before loading, ensure that truck and cargo room are clean.

4

TRANSPORT DOCUMENTS

The permission for transporting animals is restricted to that the means of transport is accompanied by documents containing the following information:

- a) origin and owner of the animals
- b) place of departure
- c) date and exact time of departure
- d) planned destination
- e) expected duration of planned transport.

5

RECEIPT OF THE ANIMAL TRANSPORTER

Verify cleaning certificate according to one of the following possibilities:

1. tjekvogn.dk
2. APP "tjekVogn" (Android, iPhone)
3. sms-service: 5129 1070
4. Verify the actual cleaning certificate with the driver:
 - a. Green – load immediately for export
 - b. Red – verify 48-hour quarantine from time of issuance.

3

REGISTER RELOCATION

in the CHR register: chr.fvst.dk

6
