

H14 - Danish Crown Logistik

DC Logistik

1. It is possible to arrange pick-up from several sites (same CVR number).
2. Bonus for pick-up of entire loads (min. 145 pigs).
3. Automatically empty, clean truck upon registration of an entire load.
4. Gradual registration of pick-ups possible.
5. Choice of contract, "Sektionsvis levering" and "Alt ind / Alt ud", may make pick-up of entire loads easier as the basis weight interval will be wider (see H15 and H17).

Additional comments - Danish Crown Logistik

1. The carrier can collect loads of pigs from several sites (same CVR number). An hourly rate of DKK 500 is paid for the time it takes to drive between the sites. Upon pick-up from several sites, the amount of pigs will be regulated on the basis of the total number of pigs picked-up.

2. All members are notified of the fleet of trucks available from their local carrier. Registration is done on the basis of the truck sizes available.

Pigs	Adjustment Logistik, DKK/pig	Bonus for entire loads, DKK/load
Fewer than 90	- 13	0
90 - 114	- 11	0
115 - 144	- 9	0
145 - 179	- 7	2
180 -	- 4	4

4. Register 4 working days before desired pick-up.

5. In some cases, it may be an advantage to skip a week if only few pigs are ready for delivery. This is especially the case if you have chosen "Alt ind / Alt ud" or "Sektionsvis levering".
